Tropical Landscaping International prominent in Conde Nast World Traveller Awards

Properties landscaped by Tropical Landscaping International (TLI) hold seven of the top forty positions on the Conde Nast Travellers Readers Choice Awards for the Best Resorts in Asia. Tropical Landscaping International is very proud of this achievement and to be associated with these prestigious properties.

The seven properties are located in Thailand and Vietnam, countries where TLI have had established offices since 2006 and 2008 respectively. The awarded resorts include Anantara Phuket (#37), Como Point Yamu (#31), Kata Rocks (#24), Angsana Lang Co (#11), Banyan Tree Lang Co (#6), InterContinental Danang Sun Peninsular (#8 and Iniala Beach House (#5). These properties are a great example of the high quality landscaping projects completed by the expert team from TLI.

TLI has also recently expanded its presence in Asia to properties in Cambodia, whilst completing the first luxury branded hotel in Laos, the Crowne Plaza Vientiane. TLI has now spread our reach throughout most of Asia, with further high-end projects currently in planning and tender phases.

TLI will also be attending the International Federation of Landscape Architects (IFLA) congress as an exhibitor in Singapore from the 16^h to 21st July, 2018. Emily Gerrard, our General Manager – Thailand, and Lil Trinh, our Marketing and Sales Consultant – Vietnam will attend on behalf of TLI.
