## ABOUT TLI

Tropical Landscaping International (TLI), The Worlds Leading Landscaper, was founded in 2006 and has expanded to currently having offices located throughout Asia. Tropical Landscaping International are an internationally recognized, full service landscape company that provide premium quality landscape construction, maintenance and training services for hotels, residential estates, golf courses and resorts in the Asia Pacific region. We are one of the only landscape company in Asia that offer fully qualified expatriate site management which are without peer in the industry.

Tropical Landscaping International and our staff have extensive landscape experience at leading Asian hotels and resorts and have completed works at some of the Asia Pacific regions most recognized properties. We feel strongly that we have devised and implemented proven and unsurpassed programs for the supply and installation of landscaping in the region.

Tropical Landscaping International are confident that being financially stable and with our growing and proven reputation in the landscape industry in Asia that the quality of our service and the end-result to the client will far surpass that of any other company offering landscape services in the region.

Having performed the landscaping on 7 of the Best 40 Resorts in Asia as voted for in the Conde Nast Traveller Readers Choice Awards, Tropical Landscaping International is the logical choice for high-end bespoke landscaping projects in Asia.

*—The Worlds Leading Landscaper—*

# WHO WE ARE

**ALEC PETTIGREW**  
Chairman

Alec, a long time Hong Kong national team golfer, has a track record of building successful businesses and in 2001 received the award for Young Entrepreneur of the Year in Hong Kong. Alec founded Tropical Landscaping International as he identified a lack of quality companies offering golf and landscaping services in Asia. Alec splits his time between our Hong Kong and Thailand offices.

**BEN DAVIS**  
Managing Director

A qualified Horticulturalist and Agronomist, Ben has been based in Asia since 2000 and is one of the founders of Tropical Landscaping International. Ben manages the day-to-day operations of Tropical Landscaping Internationals business in Asia in the Golf and Sportsfield, Landscaping and Horticulture industries and has a passion to enhance the quality of the landscape and sports industries in the region. Ben splits his time between our Thailand and Vietnam offices and provides technical expertise and client liaison works to our clients across Asia.

**EMILY GERRARD**  
General Manager  
(Thailand)

Emily has been a Senior Manager in the Thailand landscaping industry since 2005 and has been with Tropical Landscaping International as General Manager - Thailand since 2012. Emily has a noted green thumb and has a real passion for tropical landscaping and gardening. Responsible for the smooth operations and success of TLI in Thailand , Emily is often overseeing in excess of 100 staff with her ability to speak Thai a real asset. Emily is based in our Thailand office however travels regularly with our Project Team and to assist with design and design & build projects throughout Asia.

**LIL TRINH**  
Sales Consultant (Vietnam)

Lil has held senior sales roles for Landscape, Architecture and Construction companies in Vietnam and now is the Vietnamese Sales Consultant for Tropical Landscaping International Vietnam. Lil provides client liaison, sales support and other administrative roles throughout Vietnam from her Ho Chi Minh base. Please contact Lil in either Vietnamese or English to discuss how we can assist with your landscape project in Vietnam.

**MICHAEL DE GOOD**  
Senior Project Manager

Michael, an Australian/American dual citizen has over 40 years experience as a horticulturist, including more than 20 years in Asia, and is a member of Tropical Landscaping International landscape project team and manages projects throughout Asia.

Tropical Landscaping International (TLI), are proudly Asian based and have performed projects throughout the region, as well as having existing staff and offices in a number of countries.

Tropical Landscaping International have a specialist landscape project team that completes projects in locations where we currently do not have an active office. This team is generally comprised of an Expat Landscape

Manager, supported by TLI staff such as On-site architects, horticulturists, supervisors, nursery managers, administrative staff and other positions as required. We then employ the labour for the project locally which has proven to be of great benefit to the surrounding populace of a project and reducing the possibility of conflict with a project's neighbours. This project team also allows us to be dynamic and complete projects in difficult to access areas, with our logistical expertise allowing us to complete projects in a diverse range of locales including projects on islands, uninhabited areas and locations without viable road access.

## REFERENCES

"We have worked with Ben and Tropical Landscaping International on several projects in Phuket together with International landscape designers. We can highly recommend the service we have received and look forward to working with them again"

Anthony James, Pacvest Group, Thailand

"Tropical Landscaping International was the first company that I thought of to be involved with these projects, due to their previous experience and expertise in the Asian region and ability to provide a cost-effective, yet world class, golfing facility."

Steven Nelson, S.P.A. International, Myanmar

"During my years working as a Project Manager in Asia I have yet to come across a Landscaping company as knowledgeable, well resourced, adaptable and helpful as Tropical Landscaping International."

Robert Pfingstein, Banyan Tree and Angsana Hotels, Vietnam

We had chosen TLI out of 4 tenders for our project 'Dream Hotel' here in Phuket. We had a very creative and complicated design that was to be implemented by TLI. The job was finished to a very high standard and was cost effective. TLI were very efficient and always completed key areas within the timelines given. Their onsite management team were easy to deal with and when problems arose they would offer fantastic solutions. They were one of the key players to completing our project and we would not hesitate in using TLI again'

Chris McDonald, 8 over Eight Co.Ltd, Thailand

I found TLI responsive to suggestions and easy to work with. As a contractor they have performed to a high standard and when an issue has arisen they have corrected it immediately.

I am happy to recommend them to others for landscape and construction purposes.

Paul Harker, Yamu Construction Management Ltd., Thailand

## ANANTARA VACATION RESORT

PHUKET, THAILAND

Tropical Landscaping International performed the design & build of the landscaping at Anantara Vacation Club's brand new signature resort in northwest Phuket which offers a truly indulgent tropical escape, yet is only 15 minutes from Phuket International Airport and a short drive from the bustling beaches of the south. The resort's luxurious choice of Apartment Suites and Pool Villas are designed with couples, families and friends in mind to create a convenient home away from home. Just a few minutes' walk away are the tranquil sun kissed sands of Mai Khao – Phuket's longest beach. While Sirinath National Park that fringes our resort is your gateway to an impressive natural playground of sea caves, mangroves, coral reefs and dazzling islands.

## JOMCHANG

KAMALA<sup><</sup> THAILAND

Tropical Landscaping International have recently completed a number of exclusive private villas in the Jomchang development, on "Millionaire Mile" in Kamala, Phuket.

Working with the designer and main contractor, TLI extensively ameliorated and shaped the existing soils, which in conjunction with the supply of mature root stock, provided an instant landscape solution for the villas as desired by the clients, with species selected which thrive on the cliff-faced and blustery conditions that are present on the site. Key importance to the site was to provide unity between the manicured style of the villa surroundings with the natural beauty of the existing landscape and cliff faces, whilst accentuating the spectacular views that were available from the pristine site.
